Salamonie Reservoir Hosts Children's Day Camp

Are your kids ready for some "survival" fun? Children ages 7 to 12 are invited to come to Salamonie Reservoir for a fun and exciting three days, December 26 through 28. Each day provides a variety of fun activity sessions during the 9:30 a.m. to 3:30 p.m. camp.

Join us for week of fun learning about nature and winter. We focus each day on a theme. Enjoy learning about animal survival, glaciers, and even surviving winter as a pioneer or Indian before malls arrived in Indiana. The camp features indoor and outdoor activities, movie time, snacks, crafts and games.

Advance registration is required and space is limited. Call 260-468-2127. The camps' activities are guided by Interpretive Naturalists trained to provide a safe and fun environment to learn about our world. A small snack will be provided, children need to bring a sack lunch with drink each day.

The camp requires a \$30 participation fee for each child. The property gate is not charging admission at this time. Parents will be asked to fill out health/participation forms before their child enjoys activities on the first day. Call the Upper Wabash Interpretive Services at 260/468-2127 to register your child for the winter day camp. Visit our web site at www.dnr.IN.gov/uwis for more information about available programs.
